LMP-C120

Replacement lamp for projector models VPL-CS1/CS2/CX1, 120 Watt UHP

The LMP-C120 is a 120 Watt UHP (Ultra High Performance) lamp for the projector models VPL-CS1, VPL-CX1 and VPL-CS2.

During its entire lifetime you can rely on a constant light output generated by this lamp.

When making important presentations, it is better to ensure you always have a projector lamp in spare, especially towards the end of the lamp's lifetime.
